*** Technical information regarding the use of “Wonder.me”:**

- Wonder.me does not work with the Safari browser - i.e. Apple users should, for example, install Google Chrome as an alternative browser to use Wonder.me.
- On some computers, Zoom and Wonder.me cannot access the camera at the same time. In addition, annoying feedback can occur if audio is unmuted in both Zoom and Wonder.me. This means that all participants should deactivate the camera and the audio on Zoom before switching to Wonder.me.
